## **IMPORTANT NOTICE**

### **Welcome to sale number 53.**

After much debate and deliberation the decision has been made to close Epsom Stamp Auction Limited. **This will be our final auction.**

A number of factors have led to this decision, not least the fact Barry has moved to Devon. It is not simply a matter of describing lots for inclusion in the auction, there is all the administration associated with running a business. Arranging home visits for valuations and collecting consignments has become more difficult for instance. This has put an increased burden on to Paul and at time when he had hoped to do fewer hours, (Hence the change in shop opening hours).

To our Vendor's all unsold lots at the end of this sale will be available for collection from the shop or we will return them by post.

The decision to close the auction does not affect the shop in any way. It will remain open and we will produce, from time to time our own postal auction from shop stock which we will send to our regular customers.

Sale 53 has some excellent material particularly GB & EwdVII/GV Empire issues much of which is in full sets. We were fortunate to have consigned to us two substantial private collections. These two alone account for nearly 50% by value of the total catalogue. We also have some outstanding one country collections including Finland, Monaco, Germany, France & GB. (One of the GB albums starts with eighteen 1d blacks). A further consignment of German postal history has been received, which includes, advertising covers and very scarce catapult mail.

We are sure you will find something of interest from what is undoubtedly one of our best pre sale auctions ever.

**Due to holidays the shop will be closed Monday 1<sup>st</sup> July to Tuesday 16<sup>th</sup> July. Collection of auction purchases from the shop during this period will not be possible and any payments received requiring despatch will naturally be delayed.**

**Bid steps:** Bid steps are as follows: up to £20 step £1; £20-£50 step £2; £50-100 step £5; £100-£500 step £10; £500-£1000 step £20; £1000 up step £50 or at the Auctioneer's discretion. Bids not conforming to the above steps will be rounded down to the next step.

**Catalogue Notes:** Prices quoted are estimates of the likely sale price; reserves are generally 80-90% of the estimate. Estimates on mixed lots and collections may be quite conservative.

Commission rates: Buyer's Premium 10%.
